

The 24th International Conference on WWW/Internet 2025 (ICWI 2025) was held in Porto, Portugal, from 1 to 3 November 2025.

This conference was organized by the International Association for Development of the Information Society.

The WWW/Internet 2025 conference aims to address the main issues of concern within WWW/Internet. WWW and Internet had a huge development in recent years. Aspects of concern are no longer just technical anymore but other aspects have arisen. This conference aims to cover both technological as well as non-technological issues related to these developments.

The 2025 edition was published jointly with the 22nd International Conference on Applied Computing (AC 2025) and received 158 submissions from more than 19 countries. Each submission was anonymously reviewed by an average of four independent reviewers, to ensure the final high standard of the accepted submissions. The final result was the approval of 28 full papers, which meant that the acceptance rate was 18%. A few more papers have been accepted in the following categories: short papers, reflection papers and posters.

Extended versions of the best papers were selected to be published:

- ❖ the IADIS International Journal on WWW/Internet (IJWI). ISSN: 1645-7641

- ❖ the IADIS International Journal on Computer Science and Information Systems (IJCSIS). ISSN 1646-3692

In addition to the paper and poster presentations, the conferences also featured a keynote presentation and a special talk.

Keynote Presentation:

“CHALLENGES AND PERSPECTIVES ON THE DEVELOPMENT OF HUMAN LEARNING WITH AI”

by Professor Marcus Specht, Learning Sciences in Higher Education at the Research Center for Higher Education of the Future (CATALPA) at the Fernuniversität in Hagen, Germany

Special Talk Presentation:

“AI FOR PREDICTING DOMESTIC VIOLENCE RECIDIVISM IN PORTUGAL”

by Professor Helder Rodrigo Pinto — affiliated with ISEP and ISTECC Porto, researcher at GECAD–ISEP, Director of CITECA, President of the Technical-Scientific Council at ISTECC Porto, and Director of R&D at MEDCEI, Portugal

Once again, the Conference offered an opportunity to all their participants to discuss with success the most significant aspects regarding the theme WWW/Internet. It served as a forum that gathered researchers, practitioners, students and anyone that was working or studying in the field of the WWW/Internet and related themes.

The WWW/Internet Conference proceedings 2025 was published in Book (ISBN: 978-989-8704-71-9) by IADIS Press.

Edited by: Paula Miranda and Pedro Isaías.

Program Committee Members

Conference & Program Chair

Pedro Isaías, Universidade Aberta (Portuguese Open University), Portugal

Committee Members

Ali Fawaz Shareef, The Maldives National University, Maldives

Ananya S. Guha, Indira Gandhi National Open University, India

Angélica de Antonio, Universidad Politécnica de Madrid, Spain

Christos Bouras, University of Patras, Greece

Christos Georgiadis, University of Macedonia, Thessaloniki, Greece

Daniel Cunliffe, University of South Wales, United Kingdom

Dongqiang Yang, Shandong Jianzhu University, China

Evangelos Sakkopoulos, University of Patras, Greece

Fan Zhao, Florida Gulf Coast University, USA

Florence Sedes, Université de Toulouse, France

Fred Fonseca, The Pennsylvania State University, USA

Gavin McArdle, University College Dublin, Ireland

George Koutromanos, National and Kapodistrian University of Athens, Greece

Hector Migallon Gomis, University Miguel Hernandez, Spain

Holger Hinrichs, Technische Hochschule Lübeck, Germany

Hsien-Sheng Hsiao, National Taiwan Normal University, Taiwan

Isidoros Perikos, University of Patras, Greece

James Thong, Hong Kong University of Science and Technology, Hong Kong

Janez Brank, Jozef Stefan Institute, Slovenia

Jörg Roth, Nuremberg Institute of Technology, Germany

José Laurindo Campos dos Santos, The National Institute for Amazonian Research, Brazil

Liping Liu, University of Akron, USA

Ljerka Luic, University North, Croatia

Loris Penserini, IIS POLO3 Fano, Italy

M. Omair Shafiq, Carleton University, Canada

Madhavi Sharma, Indira Gandhi National Open University, India

Marco Furini, University Of Modena And Reggio Emilia, Italy

Marek Rychly, Brno University of Technology, Czech Republic

Martin Gaedke, Chemnitz University of Technology, Germany

Massimo Marchiori, UNIPD and EISMD, Italy

Michail Kalogiannakis, University of Thessaly, Greece

Michalis Vaitis, University of the Aegean, Greece

Nane Kratzke, Technische Hochschule Lübeck, Germany

Olga Fedevych, Lviv Polytechnic National University, Ukraine

Ondrej Popelka, Mendel University in Brno, Czech Republic

Pablo Pinol Peral, University Miguel Hernandez de Elche, Spain

Paulo Batista, Universidade de Evora, Portugal

Peter Geczy, AIST (National Institute of Advanced Industrial Sc, Japan

Runa Jesmin, University of Roehampton, United Kingdom

Simone Cammarasana, Cnr-imati, Italy

Sotiris Karetzos, Agricultural University of Athens, Greece

Stamatis Papadakis, University of Crete, Greece

Sung-kook Han, Wonkwang University, Republic of Korea

Virginia Yannibelli, Isistan Research Institute (UNCPBA - CONICET), Argentina
